

Relationship Test Instructions

This “test” would be better described as an evaluation for yourself to determine how confident you are in God as your Father. It will help you see what areas you are struggling in your relationship with Him. There are no right or wrong answers just honest ones; which will expose the places you need to grow with Him.

Read the Scripture under each topic: Father Care, Father Love, Father Friend, Father King, Father Provider, Father Protector, Father Savior, Father Leader, and Father Teacher. Then rate your level of confidence in it's truth for you.

1 – Never

2 – Rarely

3 – I am confident of this for others but not for me

4 – Sometimes I am confident but most times I doubt

5 - I am confident of this for me but struggle emotionally

6 – I am confident most times but sometimes I doubt

7 – I have total confidence with no doubt

After each topic, find all the numbers that you marked with a 4 or less and circle them.

Open your Bible to the Scriptures and begin to read the verses before and after.

Memorize the verses; write them on your heart, bind them on your finger, tie them around your neck, and keep them as the apple of your eye (Proverbs 3:3, 7:2-3). Ask the Lord to help you understand and accept this truth for you. Allow God to strengthen you as you grow more confident in Him.
